

AMERICANS NEEDED FOR FINAL TRUMP PLAY ON WEST FRONT

BURNQUIST HAS LARGE MAJORITY

Minnesota Governor Leads Lindbergh for Renomination by About 50,000.

COMSTOCK IS LOSING

Fred E. Wheaton Gains in Race for Democratic Gubernatorial Position—Mueller May Defeat Caswell for Supreme Court Clerk

Minneapolis, June 19.—Late returns on the primary election of Monday made the victory of the loyalists of Minnesota and Minneapolis more striking.

These are some of the high lights in the "never such" primary that are giving loyalists cause for rejoicing: Minnesota rebuked in no uncertain terms the Nonpartisan league, by giving Governor Burnquist a majority of 50,000 votes in more than two-thirds of the precincts already in.

Senator Knute Nelson, Minnesota's grand old man, fought by the Nonpartisan league, is renominated by a vote of more than four to one over James A. Peterson.

In Minneapolis, J. E. Meyers, drafted by the Republican conference to run for mayor, leads the other nominee, Thomas Van Lear by 1,200 votes. "Ernie" Lundeen, pacifist Congressman, is eliminated altogether—and Walter H. Newton, loyalist, is the Republican nominee for congress in the Fifth district.

Lynn Thompson, Socialist member of the Minneapolis school board, is hopelessly lost in his fight to be one of the nominees for sheriff of Hennepin county.

Late returns showed several surprises. The lead of Judge Willard L. Comstock of Mankato for the Democratic nomination for governor was melting so fast that there was strong possibility that Fred E. Wheaton of Minneapolis, would be the nominee. In 1,338 out of the 3,119 precincts the vote was: Comstock, 12,188; Wheaton, 10,919.

The Wheaton strength is showing up in the rural sections. Comstock got his first big lead in Ramsey county, where he came out with almost 3,000 to the good. Blue Earth, his home county, gave him 500 majority. Wheaton is gaining steadily.

One of the present office holders will likely give way to a Nonpartisan league candidate. Two others are in jeopardy.

Caswell in Danger. Indications were that Herman Mueller of St. Cloud will eliminate Irving A. Caswell, clerk of the state supreme court. In 1,446 precincts the vote for the clerk of court was: Caswell, 63,960; Magnuson, 50,260; Mueller, 60,761.

Returns from 1,482 precincts out of the 3,119 gave Clifford L. Hilton, 23,276 and Thomas V. Sullivan, 20,487 in the race for attorney general. Hilton's lead included his big lead of 14,000 in Hennepin county. Friends of the attorney general were concerned. In 1,445 precincts, Thomas Frankson, lieutenant governor, is only 19,600 in the lead over Ralph Crane. That lead is expected to dwindle. The vote was: Frankson, 76,536; Crane, 65,355; Stephens, 39,042.

The total vote on governor in these precincts was: Burnquist, 167,923; Lindbergh, 117,755. Complete returns from 27 counties were included, some of them Nonpartisan league strongholds. Every county was represented with comparatively heavy returns.

Office Holders in Jeopardy. While Governor Burnquist's nomination had been assured by a tremendous majority and Senator Knute Nelson was assured of a four to one vote against James Peterson, there were several of the present state office holder who were placed in jeopardy by late returns.

Siberian Bolsheviks Are Overthrown

Germans Foiled in Attempt to Take Rheims

(By United Press) Paris, June 19.—An attempt to take Rheims at any price by the Germans has been completely blocked, says an official statement. The assault was made on a 15 mile front between Vignay and Fort Laponelle, forming a complete circle about the city from the northeast and west. Thirty-six thousand Germans unsuccessfully participated.

Americans Make Sensational Raid

(By United Press) (United Press Staff Correspondent) With the Americans on the Marne, June 19.—One Franco-American unit on this front, under the American commander, faces the well known 10th Landwehr regiment. A daring American marine patrol raid established this. The captain and seven men crept down to the Marne edge near Chartrev, crossed the river in the darkness, landed and encountered two German sentries. They fled unreluctantly, although the Americans were practically unarmed. The Americans rushed into the town, found five Germans asleep in the cellar, dragged them out. Then the alarm was spread. The Germans sent up rockets. The American boat started for the American side, the Germans firing. The boat struck a submerged object and capsized. However all were rescued and reached the American headquarters safely.

Austrian Prisoners Say Offensive Failed

(By United Press) Rome, June 19.—Captured enemy officers say the Austrian offensive has failed. The enormous loss and the failure to attain a single objective has profoundly affected the Austrians. The enemy casualties are tremendous.

Germans Nursing Reserves For Final Blow

(By United Press) (Staff Correspondent, United Press) With the French ahead, June 19.—Despite the four great drives of the Germans, it is understood that Hindenburg is still jealously guarding the exhausted reserve divisions. It is possible that he plans attacking repeatedly between the North Sea and the Champagne region to kill off or wear out the allied reserves. In the meantime the Germans seek to advance their lines along the Marne and Oise until convinced the allied reserves are completely exhausted. Then they will throw in absolutely fresh divisions for the decisive battle before Paris. The allied reserves are being nursed in a masterful manner, yet on account of the numerical superiority of the Germans, nothing but the continued arrival of the Americans can give the allies the advantage of man power when the enemy plays the final trump. This play will likely occur within two months.

Italians Have Large Reserves Intact

London, June 19.—It is learned authoritatively that the Italians have large reserves at strategic points ready to fling in the fighting if the Austrian drive becomes seriously menacing.

Italian Situation More Favorable

(By United Press) London, June 19.—The Italian situation is more favorable than yesterday. The danger at Montello has greatly lessened. The enemy has been repulsed between the Brenna and Piave. In the other sectors the enemy's gains have been reduced.

Fierce Fighting Italian Front

With the Italians ahead, June 19.—The enemy has failed to make any impression on the mountain front. The fighting centered at Montello and along the Piave. The Austrians are constantly using reinforcements and are fighting hard to reach the Italian river line. The Italians are counter attacking after every enemy attack on a twenty-five mile front between Valdobbia and Mont Tomba. A third of the Austrian stormers lie dead before the original trenches. The Italians repulsed nine assaults with fresh troops on Mount Gappa Heights. Thirty-six thousand enemy troops crossing the Piave on hastily constructed bridges and islets in front of Nervia were hemmed in at the foot of Ilmontello.

Casualty List

Wheaton Probably Democratic Nominee

(By United Press) St. Paul, June 19.—Defeated in all contests for state ticket places on the republican party, the non-partisan have a chance to put across one U. S. congressman. In the seventh Minnesota district Dr. Henry Shipstead is probably nominated over Congressman Volstead, the present incumbent.

The latest returns also indicate that Fred Wheaton is nominated the democratic gubernatorial candidate. The Duluth returns gave Wheaton a lead over Judge Comstock, thought yesterday safely nominated. Burnquist's nomination over Lindbergh is certain.

St. Paul, June 19.—Fred Wheaton, of Minneapolis, has probably been nominated democratic candidate for Minnesota. In 1733 precincts of 3119 in the state, Wheaton had 13,006 today compared with 12,886 for Comstock of Mankato. Judge Comstock, if the final results bear out the present prospects, may lay his defeat to St. Louis county, which rolled up a big vote for Wheaton and reversed the status of yesterday when Comstock's nomination seemed certain.

Duluth, Minn., June 19.—Wheaton got 1982 votes to 647 for Comstock. Wheaton carried Minneapolis completely by 4,534 votes to 2,267 for Comstock.

League Minnesota Defeat Will Have Good Effect in N. D.

(By United Press) Washington, June 19.—The railway administration has announced that the export and import freight rates announced as effective June 26, has been cancelled. The rates are discriminatory between the U. S. and China. Other freight rate increases stand.

PINCERS SYSTEM FAILS TO WORK

Austrians Are Unable to Close in on Italian and Allied Armies.

FORCING ENEMY BACK

Teutons Suffer Heavy Casualties Under Allied Counter Attacks and Some Lost Terrain Is Regained—Fierce Fighting in Progress

London, June 19.—The Austrians are unable to make the pincers system of attack work with the precision of last October when they forced back the Italians under General Cadorna from the Julian Alps to the Piave river and from the northern mountain regions almost to the Venetian plains. In fact the pincers will not close.

The upper jaw in the Venetian Alps is stalled under the resistance of the British, French and Italian forces and the nether one seems to lack the force to bring it across the Piave. In the Alps the Austrians have been unable to advance farther since last week. Everywhere from the Asiago plateau sector eastward to the Piave their attacks have quickly been repulsed by the Allied troops who have regained lost terrain, inflicting heavy casualties and taking a considerable number of prisoners.

Fighting Fierce Along Piave All along the Piave fierce fighting is going on, especially on the Montello plateau and further south from Possalto to some 20 miles east of Venice. The Italian war office announces that the enemy everywhere is being held along the Piave. From Vicenza comes a variant report. It does not concede to the Allies any gains of ground in the mountain region, saying that all their counter attacks were repulsed. It asserts that the battle is following its intended course.

Lull Continues in France The infantry operations on the battle front in France continues virtually at a standstill.

The French continue daily to regain ground taken from them in the recent German offensive of the Aisne and also to take prisoners in these enterprises. Several attempts by the Germans to penetrate the American lines in the Marne sector have been smashed by the American gun fire.

ADMIRAL PAGET IS DEAD

Was Former British Naval Attaché in Washington

London, June 19.—Admiral Sir Alfred Paget died suddenly here. Admiral Sir Alfred (Wyndham) Paget was a son of the late General Lord Alfred Henry Paget and was born March 29, 1852. He entered the English navy in 1875, became a captain in 1896, rear admiral in 1906, and vice admiral in 1911. He served in the Egyptian and Sudan campaigns from 1882 until 1888, and was British naval attaché at Washington 1896-1899. He was knighted in 1911 and received the distinguished service order in 1917.

FAILURE UPSETS AUSTRIANS

Public Is Worried Over Sudden Check of Drive

Geneva, June 19.—News from the eastern Swiss frontier indicates that the Austro-Hungarians are surprised and disconcerted at the sudden check of their great offensive against Italy, where much greater gains of territory and booty were expected.

From Lugano comes word that the Austrian objectives include Brescia and eventually, Milan.

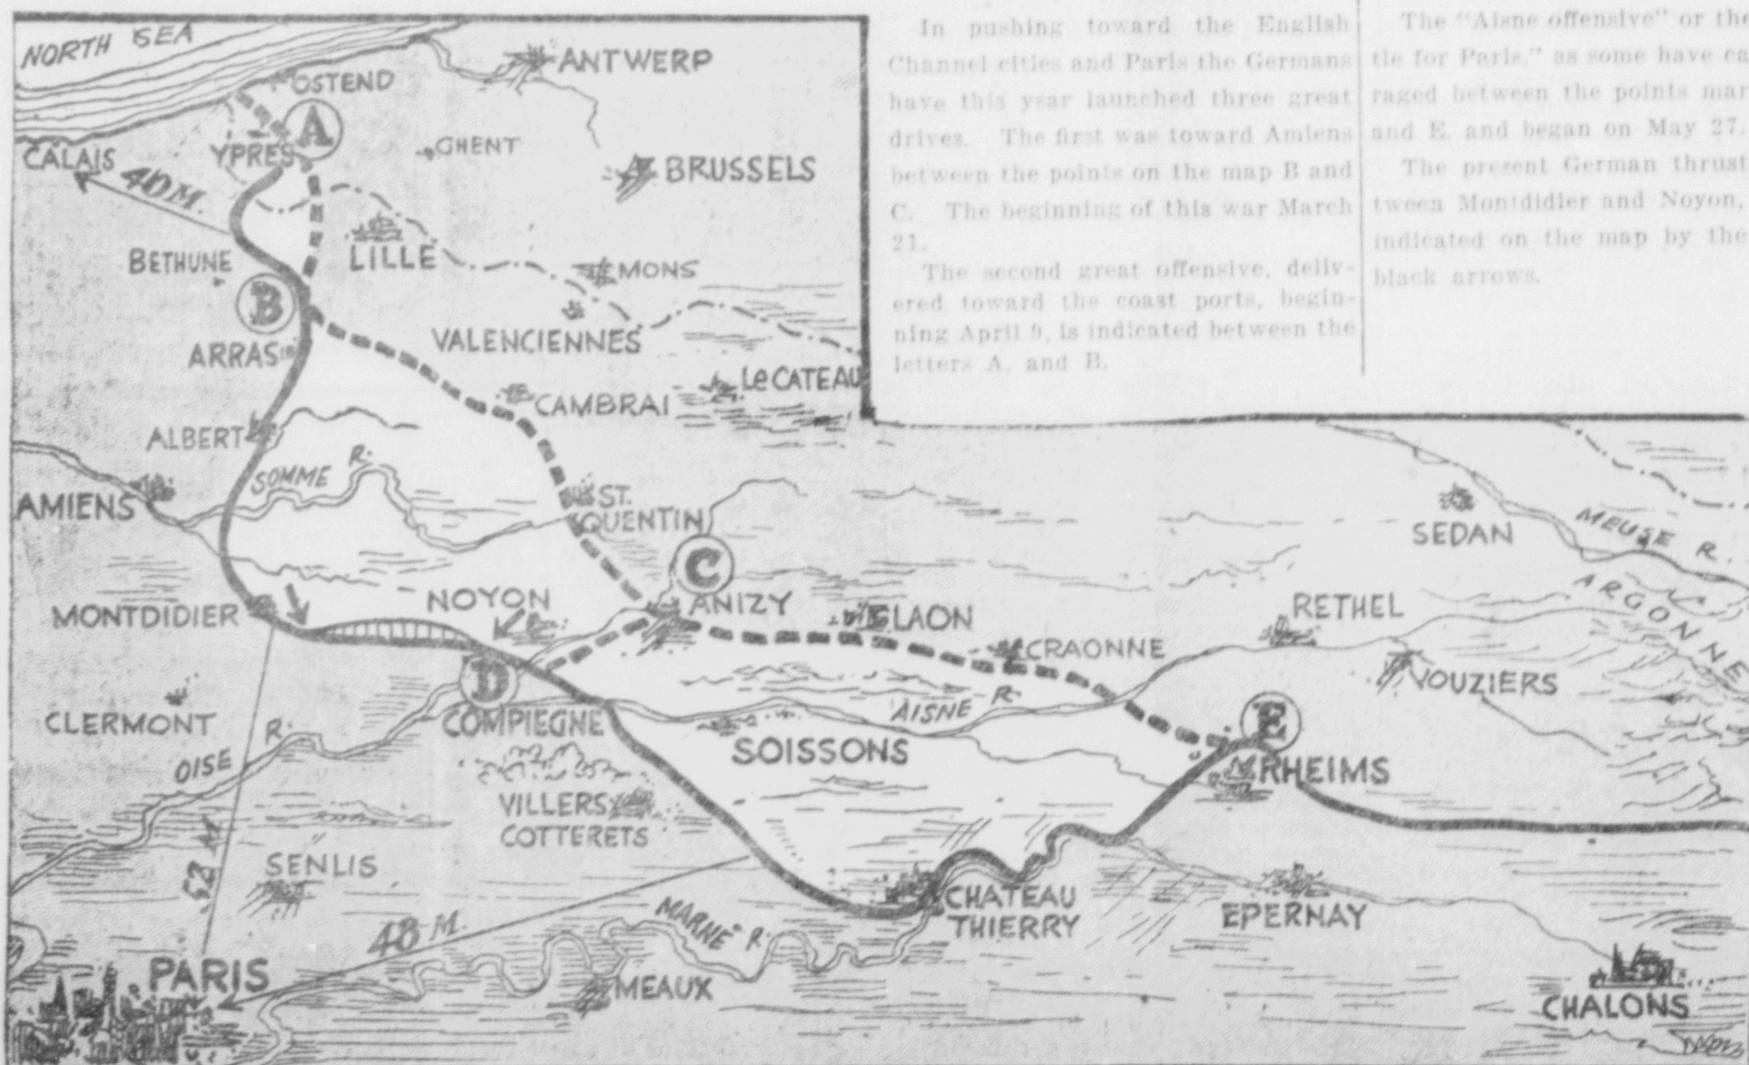

The Austrian emperor and his staff are expected to arrive at Trent this week.

Scenes and Gains of Three Great German Drives This Year

In pushing toward the English Channel cities and Paris the Germans have this year launched three great drives. The first was toward Amiens between the points on the map B and C. The beginning of this war March 21.

The second great offensive, delivered toward the coast ports, beginning April 9, is indicated between the letters A. and B.

The "Aisne offensive" or the "Battle for Paris," as some have called it, raged between the points marked D. and E. and began on May 27.

The present German thrust is between Montdidier and Noyon, and is indicated on the map by the heavy black arrows.

"ANDY" GIERIET WRITES

Captain in the Signal Corps in a Let-
ter to His Friend H. L. Tyson
of Northwestern Co.

In a letter to his friend, H. L. Ty-
son of the Northwestern Telephone
Exchange Co., Capt. "Andy" Gieriet,
now in France, mentions experiences.
He says in part:

"Have not seen any of the Brainerd
boys lately but expect to Sunday
and the four companies' baseball teams
will do battle for honors this day
(May 24th). However know that all
of them including Corporal Holt are
excellent in every respect.

"Your reference to telephone mat-
ters and developments in Crow Wing
county are of exceptional interest.

"I could easily enjoy patrolling
one of the many creeks tonight in
quest of a few 'muskys' just as a di-
version from the present routine. Not
that this game is getting monotonous
but you know I always had a falling
when it came to the lakes. Speaking
of fish reminds me of an incident that
occurred last winter. Was out along
the route with a French official and
to change the subject of our conver-
sation, I inquired through an inter-
preter whether or not there were any
game fish in the rivers and lakes in
France.

"The interpreter in putting the
question used the word 'combat'
which is similar in both languages.
The Frenchman took this to mean a
fight or battle and replied that there
were no such fish in France. Also
that he knew we fought cocks in
America but did not know we fought
fish.

"The organization as a whole has
been getting along nicely and so far
has easily measured up to duty given
us which has been some toll con-
struction and maintenance.

"The American people have cer-
tainly responded to the needs of the
day and they must prepare to con-
tinue this same rate of speed and
spirit for some months to come un-
less the unexpected happens."

Your Check
Book

A check book on
a good bank is one
of the very best in-
vestments which the
business man or woman, in fact, any one
with a regular income, can make. It is an
investment which costs nothing, and is the
guardian of the income, the promoter of
prosperity. The possessor of a check book
on this bank is on the list of preferred peo-
ple whom the bank, its officers, in fact, its
entire organization make it their busi-
ness to aid in.

Legitimate Ways in the Battle
for Success

How difficult it is, how full of risk, and
what a waste of time and effort to carry
one's income about with him, paying
debts and obligations, distant and near,
in coin or currency.

An error in making change, failure to get
a receipt, the temptation to spend from
the too handy pocketbook, the chance of
robbery or loss—all these hazards and
more make it hard to believe that there
are still many who fail to avail themselves
of the modern convenience, the check
book.

Why not conserve your income and pro-
mote your success through the use of a
check book on this bank?

WAR SAVINGS SOCIETIES FORMED

H. P. Dunn Assisted by John M. Taylor Organizing Among Lodges and Unions of City

RECEPTION ACCORDED CORDIAL

Believe that Nowhere can be Found a More Loyal or Patriotic People Than in Brainerd

H. P. Dunn and John M. Taylor as organizers have visited many of the unions and lodges of the city explaining the War Savings Stamps of the government and organizing W. S. S. societies.

The committee was everywhere most pleasantly received and they state that every organization that had a quorum present promptly proceeded to effect an organization.

The committee wishes to state that the reception accorded them was most cordial and that they fully believe that nowhere can be found a more loyal or patriotic people than those they met with in the labor and fraternal organizations of the city.

In addition to the list recently published, these societies have been organized:

Modern Woodmen of America—President T. T. Blackburn, Secretary A. J. Cuskey.

Sheet Metal Workers—President Joe Murphy, Secretary E. W. Van-Walk.

Bolter Makers Union—President Mankenski, Secretary Fred Meier. Eagles Lodge, F. O. E.—President F. H. Eastham, Secretary Henry Krause.

Modern Brotherhood of America—President F. J. Englehart, Secretary Mrs. J. Gibson.

Masonic Blue Lodge—President D. E. Whitney, Secretary C. B. Stickney. Typographical Union—President C. F. Beugnot, Secretary Albert O. Anderson.

Court of Honor—President W. E. Corkery, Secretary John A. Hoffbauer. Blacksmiths Union—President W. E. Jacobs, Secretary McNeal McCullough.

Ladies Auxiliary of the A. O. H.—President Mrs. S. R. Adair, Secretary Mrs. P. H. Larkin.

Electrical Workers—President Ole Warlof, Secretary Elmer L. Dahl. Danish Brotherhood of America, Lodge 142—President Chris Schwabe, Secretary J. Thompson.

A. O. U. W.—President A. J. Lagerquist, Secretary Martin Anderson. Sons of Norway—President C. N. Olson, Secretary O. Rasmussen.

Court Mississippi United Order of Foresters—President Josephine Lee, Secretary Jacob Sivertson.

Florence Rebekah Lodge—President Mrs. Susan Bolger, Secretary Mrs. Stella Russell.

Merrifield Red Cross

The second Red Cross benefit dance was given at Long's cottage on Long lake June 15th. D. L. Gordon assisted by Edgar Hazelton, had charge of the dancing program. Mrs. Stacey S. Long assisted by Mrs. J. D. Cornell and Mrs. Geo. Cossette, served the lunch. Everybody reports a good time. The proceeds of \$23 will be used to furnish working material.

Mrs. J. A. Thabes attended the regular Friday afternoon meeting. Mrs. Clayton Hollingsworth was appointed chairman of the knitting committee.

Mrs. H. N. Hoff, chairman of sewing, is assisted by Mrs. V. H. Keller. The third dance will be given at the Long cottage June 29th. Everybody welcome.

Norwegian-Danish Aid

The Ladies' Aid of the Norwegian Danish Lutheran church, will give an ice cream social on the church lawn Thursday evening, June 20th. Coffee and cake will also be served.

LOWRY'S MINSTRELS

Play at the Opera House This Evening, 'Omaha Bee' Praised Them as Being Superior Show

Lowry's Minstrels, R. M. Harvey owner, will play at the Brainerd opera house this evening. They are billed as a genuinely old fashioned colored minstrel show introducing forty famous comedians, singers, dancers and a Creole chorus. They feature Clarence Powell, Ed Tolliver, Frank Kirk, Chas. Beachem and Billie Whitmore.

Prof. O. G. Lowry is a famous colored cornetist. The company, carries special scenery, wardrobe, electrical and musical effects.

The Omaha Bee in its review of the company said: "The Lowry Greater Minstrels proved to be far superior to anything seen in Omaha in years in the minstrel line."

The Kansas City Star said: "Lowry's minstrels are the ideal in minstrelsy."

Colored people as a rule supply the real natural minstrel—white men at best can but poorly imitate colored folks—the original is always better than an imitation, hence a colored minstrel of talent and unusual training always excels.

MID-WEEK SERVICE

Congregational Church Thursday Evening to Nominate Successor to Late N. H. Ingersoll

The mid-week service of the First Congregational church will be held Thursday evening at 7:30, at which time a committee will be elected to nominate a successor to fill the unexpired term of the late trustee, N. H. Ingersoll. All members are urged to attend.

Bethany Birthday Club

Mrs. Emil Anderson, 1521 Pine St. Southeast will entertain the Bethany Birthday club tomorrow afternoon at her home. A cordial invitation is extended to all.

At the Best Today

The trite saying that "everybody loves a lover" has been paraphrased into the assertion that every lover of motion pictures loves a William S. Hart picture. Hart's position in the field of films is a decidedly unique one. He is the single accepted interpreter of western types, the only actor before the camera who is stamped with the "sterling" mark of fidelity to western characters as they existed when the big country was young, when men were rough and rugged and virile, and when woman was protected, not by the strong arm of the law, as today, but by the sturdy arm of man.

Hart has starred in scores of motion pictures during his extended career before the camera, but it is doubtful if any possesses the appeal his newest photoplay, "The Silent Man," made by Thomas H. Ince for Artcraft, and to be seen at the Best theatre today.

In "The Silent Man" Hart will have the role of a miner who has made a rich strike, and who comes from the desert into a small border town to enter his claim. His rich ore excites the cupidity of the proprietor of a gambling resort, and with the assistance of a dishonest government clerk the miner is robbed of his valuable property. For five reels with fairly team with thrills, excitement and romance, Hart struggles to recover his mine, and in the end he not only wins his fight against the unfair forces that are banded against him, but also captures the hand and heart of a very beautiful girl.

Associated with Hart in the production of "The Silent Man" will be Viola Vale, a young actress of unusual charm; Robert McKim, a versatile screen villain; J. P. Lockney Milton Ross, Harold Goodwin and a score of other capable players.

At the Best Sunday

Marguerite Clark is coming on Sunday to the Best theatre in the Paramount version of Mary Roberts Rinehart's story "Bab's Matinee Idol" which appeared in the Saturday Evening Post some time ago.

"Bab's Matinee Idol" is a whimsically funny story of a boarding school girl's first affair du coeur, as Bab grandiloquently calls it herself, and will appeal to girls of all ages who will recognize themselves in Miss Clark's winsome screen portrayal of Bab.

DROWN WHEN CANOE UPSETS

Two Boys Lose Their Lives in Lake Near Minneapolis

Minneapolis, June 19.—Two deaths resulted from the accidental overturning of a canoe in the lagoon connecting Lakes of the Isles and Cedar lake.

The dead are Robert Allen, 22 years old, and M. Christoff, 22 years old. In company with a companion Harry Hanson, St. Paul, they went out on the lakes in Christoff's canoe. They were coming through the lagoon toward Lake of the Isles when the canoe overturned.

ORLANDO SPEAKS PLAINLY

Says Italian Annihilation Preferable to Dishonorable Peace.

Rome, June 19.—"Annihilation of the Italian people is preferable to a dishonorable peace," Premier Orlando declared in addressing the chamber of deputies. "The government will neglect no opportunity of concluding a just and honorable peace, but not a single possibility of such a peace has ever yet shown itself."

Payette-Welsh

A romantic wedding was that of L. F. Welsh and Miss Rose M. Payette of Minneapolis. They motored to Brainerd and Tuesday evening were married at the parsonage of the Bethlehem Lutheran church by Rev. M. L. Hostager, the Lutheran ring service being used. They then continued on their automobile trip to Tamarack. The bridegroom will be called to the training camp next week.

THE LITTLE OLD LADY OF PANSY SQUARE

Timidly she entered the Red Cross Bureau and stood just within the doorway.

Her poor, dimmed old eyes spoke so eloquently: "I'm friendly, ladies, but a little afraid."

Several of us rose, but Mrs. Crawford reached her first and asked her to come in and sit down.

"Oh, thank you so much," quavered the old lady as she sat down. "You see, my boy—my grandson—has gone and"—with Spartan fortitude she restrained the tears that glistened in her eyes—"gone with his regiment. Now I'm all alone in my little cottage in Pansy Square. And, oh, ladies, do any of you know the dreary loneliness when there is no one who comes home at night?"

We almost hugged the dear old lady, so forlorn, yet so brave. We drew up our chairs closer, and she told us her story.

The little old lady owned a vine embowered cottage in Pansy Square. There she kept house for her grandson, who worked in a downtown office. When America took up cudgels for democracy the lad, in patriotic fervor, was among the first to enlist.

"Ah, how I loved him and needed him!" whispered the old lady brokenly. "But my dear country needed him more. So I told him to go. 'But what will you do, granny?' he asked. I told him I had enough, and so he went. Brave, brave heart! My husband was a soldier, and I have his pension. But it is small. After paying the taxes on my cottage there was little left, and now it is gone. I'm old, but I'm willing. All I ask is a chance to earn my bread till—till he returns."

Through the Home Service workers of her community the little old lady of Pansy Square has been provided with simple tasks, such as making preserves and delicious cakes and jellies, a labor of love for her and an unfailing source of revenue.

Some day, please God, her soldier boy will come back to the little old lady of Pansy Square, and he will find her as he left her—happy, comfortable and self-reliant.

The Proof is Here the Same as Everywhere

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Brainerd, the same as everywhere. Brainerd people have used Doan's and Brainerd people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's Brainerd proof. Investigate it.

J. G. Brandt, machinist, 1614 S. E. Maple St., says: "Being a machinist I have some pretty heavy lifting to do and I think I strained my back. It started aching and kept up for about a week. I got no rest at night as the pain was still there and in the morning I felt worn out from loss of sleep. My kidneys were not acting as they should so I began using Doan's Kidney Pills, which I got at the Skauge Drug Co., and they soon fixed me up in good shape. I have never had any more trouble from my kidneys."

WILSON REQUEST IS TURNED DOWN

Western Union Head Refuses to Accede to President in Taking Back Men.

INSIST ON ARBITRATION

Carlton, President of Big Telegraph Company, in Letter to Executive Holds War Board's Order Is Unfair.

New York, June 19.—Newcomb Carlton, president of the Western Union Telegraph company, in reply to the letter of President Wilson urging the company to accept the decision of the War Labor board in the controversy between the company and the Commercial Telegraphers' union, reiterates its opposition to allowing its employees to join the union.

Mr. Carlton says there are only two ways of settling the dispute—by compulsory arbitration, as in the railway strike, or by acceptance of the plan of an organization of employees already outlined by the company.

Carlton Accuses Union

Mr. Carlton accuses the union in valuing its right to strike during the war under the board's plan, of proposing to carry on propaganda to enable it to make use of the strike after the war.

"It is our desire to support the War Labor board in their conciliatory and mediatory functions," the letter reads. "We are willing to submit to their arbitration any dispute which might arise between the management and the employees over a question of pay or working conditions."

No Union Men Employed.

"We have maintained the position that our essential employees, those working the wires, should not affiliate with organizations employing the strike, either for their own benefit or sympathetically for the benefit of others. This policy has long been known to our employees and we have considered abstention from such affiliation a condition of their service. Today there are no members of such organization in our employ."

"We are not favorable to sharing the responsibility of conducting a great public service with the peculiar features of the telegraph, which the exigencies of the war have increased many fold, with members of an outside organization whose interests are personal rather than public."

DENY ABUSING U. S. SOLDIERS

Teutons Say Captives Receive Good Treatment.

Amsterdam, June 19.—American prisoners of war are not being ill-treated in Germany, says a dispatch telegraphed to Amsterdam by the semi-official Wolff bureau of Berlin.

The prisoners, it is declared, are not used as show objects to the German public and are not subjected to insults and the throwing of stones which is "foreign to the calm tempered German mind, which does not excite itself, anyhow, over a few Americans in the midst of so many thousands of war prisoners of all nationalities."

Adequate food "on a scale corresponding to the present conditions in Germany" is not lacking in the camps where American prisoners are quartered, it is added.

Uruguay Plans to Liquidate the Value of Exports

Washington, June 19.—Uruguay is planning to make a loan to the Allies an official report received here said: The report received here said the forbidding of gold exports by United States and England had led business men an government officials of Uruguay to formulate a plan to liquidate the value of exports on the basis of a loan to the Allies.

Great Britain has completed negotiations with the Bank of Uruguay for the financing of crops.

BRITISH SALVAGE 407 SHIPS

Admiralty Improves Methods of Raising Torpedoed Vessels

London, June 19.—From January, 1915, to the end of May, 1918, 407 ships sunk by the Germans in British waters have been salvaged, according to details of the work of the Admiralty salvage department made public in the press.

Up to December, 1917, 260 ships were recovered. In the present year to the end of May, 147 have been salvaged, the increase being due to improved methods and not to the greater activity of U-Boats.

Baker Opposes Constructive Corps.

Washington, June 19.—Organization of a separate construction corps in the army, proposed in a bill by Senator New of Indiana, Republican, to have charge of all army construction enterprises, was disapproved by Secretary Baker in a letter sent to Chairman Chamberlain of the Senate military committee. President Wilson, Secretary Baker pointed out, has ample authority under the Overman bill to co-ordinate army construction administration to any extent desirable.

TO TRAIN IN UNITED STATE

War Department Plans to Receive Foreign Troops.

Washington, June 19.—Congress is to be asked by the War department for an appropriation to provide training facilities in this country for forces other than American troops. This was learned authoritatively.

The natural assumption is that any troops to be trained here would come from some one of the nations in the Western hemisphere who have joined the countries at war with Germany. While no arrangements have been discussed looking to that end the department feels that it would be wise to have the funds on hand so as to be in a position to act promptly should another nation consent to the training and equipping of its forces in the United States.

Breweries Face Fuel Cut.

Washington, June 20.—Representatives of the brewing industry attended a conference here called by P. B. Noyes, director of conservation, United States fuel administration, to deal with the further limitation of coal supply to breweries. Several hundred brewers, as well as the officers of the chief industrial organizations concerned have been invited to attend. The output of brewers already has been restricted by a curtailment of 30 percent in the fuel supply.

Brave Negro Is Killed.

Albany N. Y., June 19.—Henry Johnson of Albany, whose name appears in the army casualty list among the severely wounded, is one of the two negro sentries mentioned by General Pershing in his communique of May 19 for bravery and devotion. The communique after describing the attack on the sentries by a German raiding party of 20 men, said that Johnson and his companion "continued fighting after receiving wounds and despite the use of grenades by a superior force."

DATA ON AMERICAN DEATHS

Census Bureau Gathers Statistics in Many States and Cities; Also in Hawaii.

Recent inclusion of Hawaii has extended beyond the limits of continental United States the area for which the census bureau annually collects and publishes death statistics. Within this area now reside about 73 per cent of the total population of continental United States and Hawaii. It comprises in all 27 states, 43 cities in other states, the District of Columbia and the territory of Hawaii.

East of the Mississippi the only states not included are Alabama, Delaware, Florida, Georgia, Illinois, Mississippi and West Virginia, while west of the Mississippi the only states included are California, Colorado, Kansas, Minnesota, Missouri, Montana, Utah and Washington.

The annual collection of death statistics from states and cities maintaining adequate registration systems was begun by the census bureau in 1902 the first report covering the calendar years 1900 to 1904, inclusive, and for each succeeding year a separate report has been published.

The original registration area contained 40 per cent of the total population of the country. It remained unchanged until 1906, since which year it has shown an almost uninterrupted increase in geographical extent and in proportion of total population, until at present it contains nearly three-fourths of the country's inhabitants.

In birth registration highly satisfactory progress has been made during the past two years.

NUXATED IRON

"Say Doctor This Prescription Works Like Magic"

Physician Says Nuxated Iron Quickly Puts Astonishing Strength and Energy into the Veins of Men and Brings Blood to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital, (Outdoor Dept.) New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency, but do not know what to take. There is nothing like organic iron—Nuxated Iron to quickly enrich the blood, make beautiful, healthy women, and strong, vigorous iron men. To make absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original packages. Nuxated Iron will increase the strength and endurance of weak, nervous, run-down men in two weeks time, in many instances."

Manufacturers' Note: Nuxated Iron recommended above by Dr. Sullivan can be obtained from any good druggist, with or without a physician's prescription on an absolute manufacturers' guarantee of success or money refunded.

THE BRAINERD SITUATION

The Lindbergh majority attained in Brainerd cannot be charged up to any pro-German sentiment. It was generated by dissatisfaction in the third, fourth and fifth wards, as near as can be ascertained, in regard to the handling of the Twin City Rapid Transit Co. situation and involved the union button controversy.

As to classing Brainerd pro-German on that account is foolish. Brainerd's record in the Liberty Bonds, Red Cross and every other government activity speaks for itself. Crosby and Ironton and numerous country precincts returned high majorities for Burnquist. The vote in Brainerd's first and second wards was largely for Burnquist.

To size up the loyalty issue one may read the Burnquist-Lindbergh vote, and the Nelson-Peterson vote, both unofficial figures.

LITTLE FALLS AND LINDBERGH

There is a proverb that a prophet is without honor in his home country, but when a political prophet like the supposed Moses of the "non-partitioners" gets to leading his home town through the bull rushes to the promised land with the vote Burnquist 594 and Lindbergh 146, it shows Little Falls had blessed little regard for the man who has been expounding political views and curials and other things for years and accomplishing little otherwise.

A story that carries a moral to it comes from St. Paul by United Press and states that when Governor Burnquist returned from lunch he was agreeably surprised to find on his desk a monstrous bouquet of white peonies with a card attached on which the following wording was inscribed: "From the loyalists of Little Falls."

Owing to the fact that Little Falls is the home of Lindbergh, the result of the primary in that city was closely watched. The result: Burnquist 594, Lindbergh 146, or over 4 to 1 for the present executive, was more than was hoped for at the capitol.

LOOKED LIKE MUSEUM

Visitors at the third ward house election night were struck with the air of neatness, cleanliness and

General upkeep displayed at the hose house. Regularly twice a week the apparatus is taken out in the street and aired like they do at Long Prairie. The hose house impresses all beholders as being as neat as a Dutch cottage, clean as a whistle. This reads good, but it isn't the real thing. The election board sat in the place and Tim Toohy waved his hand amidst the dust piles and said: "For the Lord's sake give the place a writeup. Did you ever see anything like it?"

"We gave up all hope of getting to the telephone on account of the junk around, so there's no need of calling us up."

True, the city may not afford a better hose house, but soap and water are still obtainable and brooms can be bought. A hose can be hitched on a hydrant and the place can be washed out. It's a city institution and should be kept clean.

BURNQUIST IN THE COUNTY

Unofficial figures report handsome majorities on the range towns for Burnquist. Crosby gave Burnquist, according to unofficial figures, 137 and Lindbergh 63. Ironton gave Burnquist 66 and Lindbergh a scant 16. Deerwood village polled 75 for Burnquist and 28 for Lindbergh.

The country precincts rolled up fair majorities for Burnquist. Where Lindbergh predominated like Deerwood township, Garrison, Daggett Brook, showed where the non-party propaganda seemed to be at work.

THE PRIMARY SYSTEM

One feature of the primary law always sticks out in a Minnesota election and that is the apparent apathy of the democrats in voting for their candidates. According to unofficial figures just 71 democrats voted in Brainerd. Ironton polled 7 and Crosby 44. Eighteen country precincts polled 34. The gentle insinuation is made that some democrats are voting the republican ticket and will vote their own ticket at the general election.

Bad Kidneys Laid Him Up

A slight kidney impairment may lead to dropsy or Bright's disease. Don't neglect it. Frank Miller, Bingham, Utah, writes: "Was troubled with my kidneys so bad I could not work. BAKER APPROVES PLAN

Draft Age Will Be Extended to Reach Men 18 to 45.

United States Must Place 5,000,000 Men in Field, Military Leaders Say.

Washington, June 19.—Extension of the draft age limits from 18 to 45 now seems to be practically assured. Secretary of War Baker has been persuaded that this step is necessary. He announced that he will approve any change in the selective service act necessary to raise an army of the required size.

American and Allied military leaders are now convinced that the United States must place an army of at least 5,000,000 men in the field, if victory is to be won. This will be possible with the proposed extension of the age limit.

Baker Won Over to Plan.

Secretary Baker was won over to the plan at a conference with Provost Marshal General Crowder. The secretary's approval removes the last obstacle in the path of the army general staff's move to bring the proposal before Congress at an early date. It is possible the question will not come up until late in the fall.

The approval of Secretary Baker is taken to indicate a similar attitude by President Wilson. The War department, therefore, is convinced that Congress will enact the necessary legislation without lengthy debate.

General Crowder has favored an extension of the draft age for several months. No official action looking to a revision in the law was taken, however, because Secretary Baker formerly opposed the proposed extension.

Says it Acted Like a Charm

Coughs or colds which persist at this season usually are of an obstinate nature. All the more reason for using a reliable remedy. GERMANS WAKING UP

Finally Come to Realization of Yankee Effectiveness.

Dejected People Now Recognize That American Troops Will Turn Tide of War.

Geneva, June 19.—According to an interview in La Suisse with neutral diplomat, who has just arrived in Geneva from Berlin, the enthusiasm created by the first German offensive has passed and a feeling of profound dejection reigns among the German people.

The people at home expected a quick victory from the early reports in official bulletins, and above all a quick peace. The principle question asked in Berlin was:

"Have we entered Paris?"

The economic situation in the interior of Germany, the diplomat declared, is becoming more and more serious.

Germans, both military and civilian, now realize and virtually admit that the constant arrival of fresh American troops will turn the tide of the war.

The diplomat concluded his interview with a statement that during a recent secret sitting of the reichstag the question of autonomy for Alsace-Lorraine was discussed officially for the first time since the beginning of the war.

27 FIELDS IN OPERATION

Facilities for Training Airmen Are Being Increased

Washington, June 19.—Twenty-seven flying fields for training American military aviators now are in operation. The War Department formally announced the opening of March Field, Riverside Drive, California, with Major C. J. P. Bartholf in command.

March field was named in honor of Lieut. Peyton C. March, Jr., son of the chief of staff, who was killed in the service.

Aviator Instructor Is Killed. Fort Worth, Tex., June 19.—Lieutenant Rose, an instructor at Barron field, near here was killed when the airplane in which he was riding with a fellow officer fell. Rose's home was in Pennsylvania. His companion was badly hurt.

Russian Prisoners Disposed. Washington, June 19.—Half of the Russian prisoners of war now returning home from Germany have tuberculosis, according to a report to the State department from Volodga. The Russians are sent out of Germany, the message said, with only the scantiest of clothing.

PREDICTS HUN DEFEAT

Andrew Bonar Law Speaks in House of Commons.

Steady Arrival of American Soldiers Means Final Victory for the Allies

London, June 19.—Andrew Bonar Law, chancellor of the exchequer, said in the house of commons:

"The Americans are pouring into France faster than was thought possible a few months ago."

"The extent of American co-operation is now limited by transportation; rather is it limited only by the extent of her man power. That is the one great fact of the war," he added.

Mr. Bonar Law read extracts from the minutes of the last supreme war council which was held at Versailles. They stated that, thanks to the prompt and cordial co-operation of America, it would be impossible for the enemy to gain a victory by wearing down the Allied reserves before exhausting his own.

Foe Drives Held Failure

"On the western front, after three months of fighting," said Mr. Bonar Law, "although the Allies have had to give much ground, not one of the enemy's strategic points had been attained."

The chancellor said that American troops were pouring into France and had reached a figure which a few months ago would have been thought impossible. American military co-operation, he continued, would not be limited by lack of transports.

The shipping figures, which will be published this week, he said, would show that the world ship construction for the first time since the German submarine warfare began is exceeding the destruction of ships by U-boats.

Discussing the Austrian offensive, Mr. Bonar Law said that the Italian high command has no fear of the result.

Skeptical of German Starvation.

The latest "well-informed" and anonymous correspondents who obligingly give us a picture of food conditions in Germany do not add anything material to previous stories of the kind. We are not greatly impressed by the reported offer of a ham for £11; "well-informed neutrals" have provided us with much higher quotations in the past. Judging by the way in which Berlin has consistently been reported to be starving since the autumn of 1914, the Boche must by now have acquired the art of living entirely on air—or "substitutes"—London Globe.

The Sailor's Widow.

How many people realize the enormous amount of mourning caused every time one of our ships goes down. But few of the heroes of the sea return disabled to live at home in peace. It is sheer luck or widowhood for the sailor's wife. It is some comfort to know that several funds provide generously for the widows of the sea, especially for those with babies; and it is touching to learn that the major part of these funds is raised by voluntary subscriptions among the crews who take a great pride in the knowledge that their "moss" cuts a good figure in the subscription lists to sailors' charities.

REAL LOYALTY
IN CAMPAIGN

"We Want Thirty Cards for the Northwestern Telephone Co." Said Phone Girl

BUYING W. S. STAMPS IN CITY

Nokay Lake Ahead, County Committee Have Several Intelligence Cards to Investigate

"I want thirty cards for the Northwestern Telephone office. We want to buy War Saving Stamps." This was the request Chairman Michael received from a pretty phone girl Monday morning.

"This and similar circumstances," continued Mr. Michael, "are the things that show real loyalty. Unfortunately our solicitors meet some men of means who jockey with the solicitors to see just how little they can buy. Some also think that the stamps are a small proposition, too small for their notice. The government thinks differently and the solicitors sent out are supposed to receive just as much consideration as was given the Liberty Loan collections."

Nokay Lake Ahead.

Nokay Lake, under the leadership of Andrew Tollefson is "over the top" with some to spare. He made his returns Monday.

Intelligence Cards.

The county committee have several intelligence cards to turn in to the state of people who refuse to purchase without sufficient reason. "This," states the committee, "is most unpleasant but our orders are to do so and we must."

The Machinists.

The machinists employed two of their number to solicit their men at the shops. It took them two days and cost the lodge \$24.00 to make the canvass.

IN MUNICIPAL COURT

C. N. Cannon of Woodrow Charged With Selling Mortgaged Property

C. N. Cannon of Woodrow, charged with selling mortgaged property including some ten horses, was taken in custody at his home when he returned from the Dakotas. The complaint was made by the First State bank of Aitkin. The hearing is Thursday morning at 10 o'clock at the municipal court in Brainerd.

AT GAS PLANT

Brainerd Gas Plant Installing New Unit. Fire Brick Coming From St. Louis

The Brainerd Gas & Electric Co. is installing its second unit, having boiler and shell work in. A special size firebrick is coming from St. Louis and construction work awaits its arrival. Packing, valves, fittings, etc., are here. H. S. Boyd, constructing engineer, is in charge, with a crew of five men.

J. H. Vierer, superintendent, came from St. Cloud to view construction. A. B. Willing, local superintendent, has a crew laying mains and putting in new service connections. Four hundred feet of new main was laid last week.

MORRISON COUNTY VOTE

Vote on Governor, Congressman, Legislative and Sheriff Given.

Transcript Figures

The Little Falls Transcript gives incomplete unofficial figures on the primary election and the contest on governor, congressman, the senate and representative-at-large, of interest to Brainerd.

For sheriff there was Felix for re-election, Carson a former Indian agent, and Larson. Their vote stood Carson 58, Felix 490 and Larson 355 in Little Falls and in the county Carson 335, Felix 2,159 and Larson 1,657.

Little Falls gave Burnquist 594 and Lindbergh 146. The county polled Burnquist 1780 and Lindbergh 1881.

Little Falls gave McDonald 95 in the congressional contest, Woolley 366 and Knutson 237. The county gave McDonald 408, Woolley 1001 and Knutson 1952.

For the senate Little Falls gave Brown 575, Gardner 140 and Swanson 180. The county gave Brown 1730, Gardner 1172 and Swanson 1068.

For representative-at-large Little Falls gave Bouck 442, Jacobson 191 and Young 243. The county gave Bouck 1429, Jacobson 1773 and Young 813, showing the strength of the non-party people who had endorsed Jacobson.

Unlike Crow Wing county, Morrison county had a field of candidates on the county ticket.

"WORK OR FIGHT"
IS ORDER GIVEN

National "Work or Fight" Law Has the Approval of President Woodrow Wilson

AFFECTS ABLE BODIED MEN

Between Ages of 18 and 50 Years.

Must Engage in a Productive Occupation

The national "Work or Fight" law now has the approval of President Wilson, and compels all able-bodied men between the ages of 18 and 50 years to engage in a productive occupation, for a specific number of hours each week. Minnesota has something of a proprietary interest in the new law, as the "Enlist or Work" movement was instituted in this state by Major John D. Yost, recruiting officer for the Minnesota district.

Municipalities within the state were quick to take up the movement and within a few weeks several cities had ordinances spread on their books legalizing the move. The State Public Safety Commission followed up the movement by issuing an order which gives the entire state a "Work or Fight" law and makes it obligatory on the part of peace officers to seek out idlers. So far the following states have enacted similar laws: Maryland, West Virginia, New York, New Jersey, Delaware, South Dakota and Minnesota, and legislation of a like nature is pending in at least a dozen other states.

The working out of the new law will mean the subordination of all industry to war work and the building up of the United States armies. Thousands of industrial plants in the country are engaged on government contracts and war activities are in need of men, both skilled and unskilled. The regular army can absorb additional thousands and can train them into fighting men in far shorter time than men can be trained at national army cantonments. The plan is to take from 30 to 50 percent of a regiment in raw recruits and train the men alongside of experienced soldiers. Such recruits are ready for over-seas service in two to three months.

All branches of army service are open at the present time, and excellent opportunities are offered men to advance. Mechanics and skilled workmen are in great demand. Regardless of a man's occupation he can find the same line of work in one or another branches of the service.

PLEAD GUILTY

Charged With Obtaining Money Under False Pretenses, Woman in Court Yesterday

Charged with obtaining money under false pretenses, Mrs. Bertha Winger, age 59, was taken in custody on a complaint of Ensign Knudson. It was asserted she has no connection whatever with the Salvation Army and was soliciting funds, doing her canvassing in districts where no Salvation Army was stationed. She pleaded guilty and was fined \$75 or 60 days. She is a widow and came from Warroad. Two sons live in Fargo, N. D.

BAND CONCERT
AT DEPOT PARK

The second of the summer series of band concerts will be given at the depot park this evening by the Brainerd City band under the direction of Richard H. Rehl.

A splendid program has been prepared, several being request numbers. In playing in the parks, the general public gains an idea as to how far the melodies are carried. At Gregory park, music can be heard away down on the south side. The depot park is located in thick trees and is, not as high as the Gregory stand nor as well built and accordingly the band concert music there has not so much chance to "spread about."

LEGISLATIVE RETURNS

Brown Holds Lead in Senatorial Contest, Bouck Has Big Lead Over Opponents

In the senatorial contest Morrison county, lacking three small precincts, reports Brown 1796, Gardner 1257 and Swanson 1091.

In the contest for representative-at-large Bouck polled in Morrison county, three precincts lacking, 1497, Jacobson 1851 and Young 837.

With six precincts lacking Crow Wing county has given Swanson 1120, Gardner 1257 and Brown 1796. Added to the Morrison county totals received gives Swanson 2211, Gardner 2010 and Brown 2264. This leaves Brown and Swanson to compete at the general election in November.

Notice of Dissolution of Partnership.

Joseph Hebert and Clifford A. Russell, heretofore conducting the Iron Exchange barber shop, have this day dissolved co-partnership; said Russell has sold out his interest to O. E. Hickethier and the barber shop will be conducted under the firm name of Hebert & Hickethier. All firm accounts are payable to the new firm.

PROCEEDINGS OF THE BOARD OF COUNTY COMMISSIONERS, CROW WING COUNTY, MINNESOTA.

Pursuant to adjournment, the Board met at the Court House in the City of Brainerd, on Tuesday, June 19, 1918, at 10 o'clock A. M. Present: Commissioners Crust, Erickson, and Dewing.

The minutes of the meeting held on May 7th, 1918, were read and duly approved.

The following Judges of Election were appointed to serve at the coming Primary and General Elections in the precincts of unorganized towns: Leiner's Precinct—F. B. Howe, Fred B. Stropp and F. C. Penabody.

Kennedy's Precinct—Erick Wicklund, John Gordon, and J. W. Holmea. Davenport's Precinct—J. D. Sorenson, Erick Johnson, and Everett H. Borders.

In behalf of the United States Treasury Department, Carl Zapffe, chairman of the Crow Wing County Third Liberty Loan Committee, presented the County with an Honor Flag, for having gone over the top in the Third Liberty Loan Drive.

On motion the same was accepted with thanks. Commissioners Syreen and Mathison joined the meeting.

The following applications were granted, subject to the approval of the Minnesota Tax Commission.

E. H. Lehrke, for refund of personal property taxes paid.

W. H. Cleary and J. A. Thabes, for a reduction in valuation and refund of taxes paid on the East 75 feet of Lots 19 to 24, Block 170, City of Brainerd.

E. F. Gross, for a refund of taxes paid on Lot 2, Section 9, Township 46, Range 29.

The application of William Wicks, for correction of assessment of Lot 4, Block 58, West Brainerd, was referred to the assessor.

The application of William Bierman, for correction of assessment of the South 1/2 of Lot 10, Block 6, Village of Deerwood, was held over.

The application of Henry Tabert, for refund of taxes paid on NE 1/4 of NE 1/4, Section 22, Township 45, Range 30, was held over.

The report of the committee covering inspection of the work on State Roads Nos. 2, 5 and 6; the bridge over Borden Creek, near Mille Lacs Lake; and repairs to bridge over Rabbit Lake Narrows, was read, accepted, and ordered placed on file.

On motion, the Board adjourned for the noon hour.

Board met at 2 o'clock P. M., all members present.

It was moved and seconded that a member of this Board be appointed to act on the Advisory Board of the Farm Bureau.

Motion carried.

The chairman appointed Commissioner Syreen as such member.

On motion, Commissioner Mathison was authorized to expend an amount not to exceed one hundred (100) dollars, out of the Special Road and Bridge Fund for the improvement of the road along the North line of Section 32, Township 134, Range 28.

On motion, the Auditor was instructed to bill on Garrison Township for \$184.80 as their proportion of the cost of the approaches to the bridge recently constructed over Borden Creek, near Mille Lacs Lake.

Commissioner Dewing was appointed to make final inspection of said approaches.

On motion, two 20 or 24 inch culverts were given the Town of Garrison to be used in the creek crossing the road on the North side of Section 27, of that town.

On motion the County Attorney was instructed to institute the necessary proceedings for the condemnation of that part of Lot 3, East of the Quarter line, Section 11, Township 134, Range 29, the same to be used for a clay and gravel pit for road work on State Road No. 7.

On motion, the matter of repairing the wind mill at the County Farm, was referred to Commissioner Mathison, with power to act.

On motion, two hundred dollars (\$200.00) was set aside from the Special Road and Bridge Fund, for improvement of the road along the South line of Sections 17 and 18, Township 135, Range 27, work to be done under the supervision of the county Engineer, and labor paid by time checks as provided by law.

Commissioner Syreen offered the following resolution and moved its adoption:

BE IT RESOLVED:

That the part of State Road No. 6, covered by plans No. 18-141, on file in the office of the County Auditor be constructed according to such plans and under the supervision or direction of the Highway Engineer.

That the said work shall be known as 1918, Job No. 1802.

That the State Aid will be applied on said job.

That the clearing, grubbing, ditching, grading, surfacing, and railing be done by day labor.

That C. L. Motl, as Engineer and Superintendent, be authorized to issue time checks on said job according to Chapter 182, Laws of 1915, not to exceed \$4,500.00.

That the labor shall be paid in the following manner:

On the first and sixteenth of each month, by time checks.

That C. L. Motl as Engineer and Superintendent be authorized to purchase the necessary materials for said job and have verified bills for same submitted to the County Board, the total amount of which shall not exceed \$650.00 as follows: Gravel \$100.00, Culverts \$300.00, Guard-rail materials \$250.00.

The resolution being seconded by Commissioner Erickson, was duly adopted, all members voting "aye."

In the matter of the petition of J. W. Hilliard and others for the designation as a Public Highway of the Section lines running North and South between Sections 28 and 29, 20 and 21, 16 and 17, also the Section lines running East and West between Sections 21 and 28, 22 and 27, all in Township 134, Range 28, it was ordered that a hearing be had on said petition on Tuesday, the 6th day of August, at 2 o'clock P. M. and that a committee of three be appointed; the chairman to act as one of

such committee, to examine the proposed route of said highway, and that the Committee meet at the point of intersection of said proposed road with State Road No. 3, on Saturday, June 29th, at 5:30 o'clock P. M.

The chairman appointed Commissioners Mathison and Erickson as the other two members of such committee.

Contractors' bonds covering contract road and bridge work on State Road No. 7, were approved as follows:

James Wilkins & Company, covering road work, Div. A, The National Surety Company, as surety, in amount \$29,275.15.

H. Thursdale & Company, covering road work, Div. B, The Lion Bonding & Surety Company, as surety, in amount \$32,000.00.

Franzen Brothers, covering road work, Div. C, The National Surety Company, as surety, in amount \$13,860.00.

The Iowa Bridge Company, for all bridge work. The National Surety Company, as surety, in amount \$3,780.00.

E. J. Fennelly, for all culvert material. The Lion Bonding and Surety Company, as surety, in amount \$1,424.32.

Commissioner Dewing offered the following resolution and moved its adoption.

BE IT RESOLVED, That the County Board of Crow Wing County, in session this 4th day of June, 1918, do hereby make application for an allotment of \$20,000.00 from the Federal Aid funds of the State to aid in the construction and improvement of State Road No. 2, from Mille Lacs County Line to Brainerd, Minnesota.

BE IT FURTHER RESOLVED, That upon Federal Aid being granted in the above amount by the State Highway Commission, subject to approval of the Secretary of Agriculture, the County Board does hereby agree to complete said project as a gravel surfaced road, according to the requirements of the State Highway Commissioner and the Secretary of Agriculture the estimated cost of said improvement being \$40,000.00, and to that end do hereby agree to make a special levy of \$20,000.00, under the provisions of Chapter 75, Laws of 1917, for the amount which the County may lawfully levy under the provisions of said act; it being understood by the County Board that any excess in the cost of improving said road over the amount received as Federal Aid and the amount raised by such special levy, will have to be paid from the County Road and Bridge fund, irrespective of whether such cost is more or less than the estimated cost above set forth.

Which resolution being seconded by Commissioner Erickson, was duly adopted, all members voting "aye."

FOE PATROLS ARE CHECKED

American Machine Gun Fire Too Accurate for Germans

With the American Forces on the Marne, June 19—Several German patrols which attempted to approach the American lines in the Marne sector were smashed by the accuracy of the American machine gun fire. One German patrol was almost wiped out.

Two German prisoners, who, after escaping from a detention camp 100 miles to the rear of the American front six days ago, wandered through woods and bushes and swam rivers in the night time, were captured in the American lines. The prisoners said they had traveled with comparative ease until they approached American territory where it became so hot that they could not cross to the German lines.

FOE CAPTURES 120 GUNS

Austrians Also Claim 30,000 Prisoners in Italian Drive

Vienna, June 19.—The number of prisoners taken by the Austro-Hungarians in their new drive on the Northern Italian front has been increased to 30,000. The guns captured number 120.

Frank N. Meyer Is Dead.

Washington, June 19.—Frank N. Meyer, one of the leading explorers of the Department of Agriculture, and the man who gave to the Western world many new plants of the Orient is dead in China. He disappeared June 2 from a steamer between Hankow and Nanking and a week later his body was found by the Yangtze river, 30 miles from Wu Hu. No further details of his death have reached the bureau of plant industry, with which he was connected.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and protein-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.
